Dear Global Art Project *for Peace* Artist:

Above is your match for the 2024 Global Art Project *for Peace* exchange!

Thank you for adding your energy to our efforts to create a culture of peace through art! Thank you for keeping the spirit of hope and joy alive and for sharing your inspiring energy out into the world during this challenging time. The focus of your energy is especially important now with the many ongoing conflicts around the world. During the week of April 23–30, you and your partner will exchange visions of global peace and goodwill. As a Global Art Project participant, the visions created by *thousands* of other participants will simultaneously encircle the Earth along with your vision. Imagine the power of all that energy focused on the intent of creating a peaceful, loving, and healthy future!

I wish that everyone could have an opportunity to see the registrations from so many extraordinarily diverse groups and individuals from around the world! It's truly amazing and heartwarming. Soul-nourishing.

Countries with people who have created art for the Global Art Project exchanges are:

Algeria	Cambodia	Finland	Israel	Netherlands	Rwanda	Tibet

Joyously Creating a Culture of Peace  *through Art*

There is no way that I could possibly fulfill everyone's expectations for their matches...it simply isn't possible. Unless...*if everyone's expectation is simply the joy of creating and sending a message of love to another human being on earth...a complete stranger wherever or whomever that may be. If everyone's expectation is simply the joy of knowing that they're being given an opportunity to add their energy to the collective energy for global peace and goodwill...*then I know I can fulfill their expectation.

Thank You to the Regional Coordinators and everyone else who worked so hard to make the 2024 Global Art Project *for Peace* exchange a success. The Project is a cooperative, grassroots effort and couldn't happen without the dedicated support of generous and caring volunteers, donors, and participants. We'd love to have your help again for the 2026 exchange!

Global Art Project Angel Corps: If a person or group hasn't heard from their GAP exchange partner by the end of June, they can contact us and we'll connect them with a group or individual in the Angel Corps who will send them artwork. If you'd like to create art for the Angel Corps, please let us know. You can also continue the energy of the Global Art Project during the interim year by participating in the **Let's All Join Hands** portion of the Project. Visit our website for more information about the Angel Corps and Let's All Join Hands programs.

Send Us Your Photos: We'll post a 2024 Gallery with selections from your photos, videos, and other materials that you send us — including excerpts from your letters. So please mail or email us photos of you or your group creating their art, of the finished art, and of you or your group with their finished art. And be sure to also send us photos of your local exhibitions and performances of art for peace! It's uplifting and inspiring for others to see examples of art created for peace and of some of the wonderful people around the world who added their energy!

Seeds of Peace: I always think of the Global Art Project brochures as seeds of peace and love that are being sent out into the world. I'm never sure where they'll land or what will sprout. I know these seeds will touch people in ways large and small. The artworks, the wondrous personal expressions of love and peace, are the flowers that bloom from these seeds. And the flowers of art themselves will touch the hearts and consciousness of the many thousands of people who will have the opportunity to experience them.

Thank you for making the Global Art Project a reality by sharing your gift of vision with the world.
